

Foil Twisted Pair (FTP) cable

The twisted-pairs are enclosed in an aluminium foil wrapping that completely encloses the conductors to reduce the effects of electromagnetic interference and external crosstalk on the signals being carried by the inner conductors. Our FTP cables use a tinned drain wire for the grounding connection. It's important to remember that the foil must be grounded for the shielding to be effective.

Stranded cable is ideal for patch leads or for outlet to device connections.

Solid cable is ideal for premises wiring and it is suitable for IDC terminations on patch panels and wall jacks.

Cat #	Category	Conductors	Color
Y8153BLU	Cat-5E	Stranded	Blue
Y8153GRY	Cat-5E	Stranded	Grey
Y8453BLU	Cat-5E	Solid	Blue
Y8453PNK	Cat-5E	Solid	Pink
Y8553BLU	Cat-6	Solid	Blue
Y8553PNK	Cat-6	Solid	Pink

Shielded Modular Plugs

8 position shielded modular plugs for connection to FTP, STP or flat shielded cable. Packed in bags of 20, 50, 100 or 1000. Plugs for stranded or solid conductors with round or flat cord entry are stocked.

Cat #	Connections	Shield	Cord Type	Conductors	Packing
P2165-010	8P8C	Full	Round	Stranded	10-pack
P2165-100	8P8C	Full	Round	Stranded	100-pack
P2159	8P8C	Full	Round	Solid	Bulk
P2167	8P8C	Half	Round	Solid	Bulk
P2168	8P8C	Half	Round	Stranded	Bulk
