

DATAMASTER[®] TOOLS

DATAMASTER[®]

DATAMASTER[®]

Impact Tool 110

Quality impact tool for 110 type IDC terminations. Adjustable tension for impact mechanism. Reversible blade allows terminate only or terminate/cut operations. Compartment in body for storage of spare blades. Not suitable for Krone type IDC terminals.

CAT #
T0055

IDC Krone Type Connection Tool with Sensor

Quality impact tool for reliable IDC connections to our P8710 disconnect modules or any other Krone type terminals. Blade performs simultaneous cut and terminate operations. Fitted with handy fold-out hook and screwdriver accessories. The sensor prevents angled termination and also helps with double jumpering by cutting the second wire before the first wire. Cutting function may be turned off. Used to terminate wires with a diameter of 0.4-0.9mm (20-27AWG) and insulation of 0.70 to 1.90mm. Not suitable for 110 type IDC terminals.

CAT #	ITEM
T0059	

Round Cable Stripper

Economy stripper tool. Specifically designed to strip the jacket from round cables without damaging the conductors. Ideal for Cat-5E or Cat-6 cable, security cable and telephone cable. Available with 110 IDC tool built into the tip.

CAT #	IDC TOOL
T0033	No
T0034	Yes

Coaxial Cable Stripper

For stripping RG6/U and RG59/U coaxial cables. 3 blades ensure accurate stripping length of each cable section. Built-in hex screws for accurate depth-of-cut adjustment for each blade. Preset stripping length of 12mm (8mm + 4mm). Blades may be repositioned to give a 10mm (6mm + 4mm) stripped length. Reversible cutting block for quick change when stripping between RG6/U and RG59/U coaxial cables.

CAT #
T0063-002

3-in-1 Toner Tracer Cable Tester

3-in-1 toner tracer cable tester designed to test RJ-45 LAN cable, BNC and "F" coaxial cables, tone generator, continuity and 6P2C/4P2C jacks. This tester is specifically designed for use with electricians, service technicians, telecommunications workers and networking or general home use testing.

The unit has a visual and audio alert for OPEN/SHORT values. A PASS indicator is used for tests which show no failures.

CAT #
T0116

LAN Cable Tester

The LAN Cable tester is designed to check and troubleshoot the pin connections of RJ45 cables. It is ideal for testing the continuity of each of a LAN cable prior to installations on equipments.

CAT #
T0042001

Datamaster® Professional LAN Cable Tester

Professional LAN cable tester with advanced backlit LCD. Tests and displays exact pin-to-pin wiring configuration of LAN cables, modular telephone cables and coaxial cables. Tests and displays length of LAN or coaxial cables. Package includes a remote terminator (ID #01) for near-end/far-end testing of installed network cables on site, belt clip, black zippered vinyl pouch, 2 x F-type to BNC coax adaptors, 2 x 8P to 6P modular reducers and 9V battery. Packed in a hang-sell blister pack. Additional Remote Terminators (IDs 02-08) are available separately.

CAT #
T0046

Linesman's Test Phone

Test Telephone with 2-way hands-free speaker, adjustable volume switch, line polarity check and monitor/talk switch. Tone or pulse dialling with last number redial and 12 memories. Robust ABS housing with belt clip and durable coiled cord. Measures 260(L) x 70(W) x 89(H)mm. Weight 560g.

CAT #
T0111-002

Datamaster® RJ45 Quick Term

NEW

Able to crimp Datamaster® Quick Term RJ45 plugs easily and cut wires flat. The Datamaster® Quick Term crimp tool has a quick lock and release feature allowing it to be stored in the smallest of spaces. This tool is an economic and reliable choice for installers and DIYers who need small looking tools for a quick and reliable data termination solution.

CAT #
T0019QT

Ratchet Tool 4P/6P/8P

Precision steel hand tools for the professional. T0019 has three individual dies to allow accurate termination of 4, 6 and 8 position modular plugs. The T0016 allows termination of 6, 8 and 10 position modular plugs. The 6 position die on both models has an adjustment to accept MMP plugs and the 8 position die on tool T0016 also accommodates AMP plugs. Jaw design distributes equal pressure to all contacts simultaneously. Ratchet operation ensures excellent insulation penetration and cord strain relief.

CAT #
T0019
T0019KIT T0019 tool and carry case
T0016

Economy 3-in-1 Modular Tool

Three individual dies allow termination of 4, 6 and 8 position modular plugs. Handle incorporates cutter and stripper. For Crimping Modular Plug, 8P8C/RJ45, 6P6C/RJ12, 6P4C/RJ-11, 4P4C & 4P2C plugs, cutting and stripping wire by one operation, easy and efficient, with round cable stripper, light-weight, durable and compact.

CAT #	ITEM
T0018-002	4P / 6P / 8P

Datamaster® Professional 2-in-1 Modular Tool - Steel

Two individual dies allow accurate termination of 6 and 8 position modular plugs. Jaw design distributes equal pressure to all contacts simultaneously. Ratchet operation ensures excellent insulation penetration and cord strain relief.

CAT #	ITEM
T0017	6P / 8P

Metal Modular Tools - Steel

These quality steel hand tools are ideal for in-field attachment of modular plugs. Excellent insulation penetration and strain relief is achieved. Cord cutting blade is incorporated. BT version also available to fit NZ/UK plugs with either left or right handed latch.

CAT #	PLUG TYPE
T0026	6P - MMP
T0028	8P
T0029	10P
T0030	UK/NZ Tool

Cat6 Shielded Modular Tool

This precision crimp tool is designed specifically for Cat6/Cat6a shielded modular plugs only.

CAT #
T0031

Datamaster® Hexagonal Ratchet Crimp Tools

These precision hand crimp tools employ a ratchet action ensuring correct crimping pressure is applied for reliable, trouble-free crimping of coaxial cable plugs. Tool T0038 suits our BNC RG59/U crimp plugs. Tool T0039 is compatible with both our BNC RG59/U crimp plugs and our F-type RG6/U connectors.

CAT #	DIE	SUITS CRIMPS
T0038	G	P0702
T0039	C2	P0702, P0712
T0038-3T1	3T1	Die for hex crimp mini coax P0715

Datamaster® Compression Connector Crimp Tools

These precision hand crimp tools employ a ratchet action ensuring correct crimping pressure is applied for reliable, trouble-free compression of our P0720 series waterproof BNC, RCA, PAL and F-type coaxial connectors. Adjustable compression depth. Tool T0040 is compatible with RG6/U and RG59/U coaxial cables and has adaptors to suit F-type and Female connectors. Tool T0041 is suitable for only F-type connectors on RG11/U coaxial cable.

CAT #	SUITS	FOR CONNECTOR
T0040	RG6/U & RG/59U	F-type and female
T0041	RG11/U	F-type

Gel Connector Crimp Tool

Custom made precision crimp tool for 100% reliable crimping of our gel-filled connectors or Scotchlock connectors.

CAT #
T0037

H1130 Crimp Tool

This quality metal crimp tool is designed for accurate termination of H1130 insulation piercing quick connect crimps that are used for connection of insulated line cord conductors to telephone plug types 603, 604, 605, 606 and 615. Also suitable for crimping our insulation displacement Y-terminals and other 14-28AWG insulated and non-insulated connectors and pins. A handle operated cord cutter is incorporated.

CAT #	ITEM
T0035	Blade

Datamaster® Universal RJ45 Tool

COMING SOON

The RJ45 Multi-Function Crimper is your affordable solution for quick and efficient crimping and cutting needs. Its compatibility with a wide range of RJ45 connector types makes it a valuable tool for network professionals looking to streamline their installation processes. The durable design, combined with the ergonomic grip, ensures a reliable and comfortable user experience.
