

C1700 Series Outdoor Floor Mount Cabinets

FEATURES

The C1700 Series Outdoor Floor Mount Cabinet is your ideal choice for outdoor network management:

- **Durable Design:** Featuring a rugged SGCC finish in a powder coat to RAL7035 IP55 protection, these cabinets are built for harsh indoor and outdoor environments. Suited to process control applications, remote site applications and anywhere that demands a high level of protection for equipment.
- **Secure and Ventilated:** The single opening sheet metal front door provides both security and ventilation. It's equipped with waterproof locks and hinges for added protection.
- **Efficient Ventilation:** The roof is designed with ventilation holes for top maximum airflow under the eave of the roof without compromising the IP rating. Filters in the door behind the ventilation louvres in the door allow for regular replacement. Wall cabinets are installed with 4 x 240V fans to ensure maximum airflow.
- **Inside:** Adjustable 19" mounting rails front and rear with RU markings. Max rail to rail depth of 340mm on the 400mm deep version and 370mm on the 600mm deep version that can be adjusted to your needs. Front mounted vertical cable management rings on both sides. Round cable glands with removable rubber covers on base. High grade polyurethane door joint strip.
- **Included Accessories:** Each cabinet includes a bag of 12 cage nuts, 4 sets of M12*100 dynabolt and a set of front door keys (2 pcs) for secure access.
- **Customisation Options:** Personalise your cabinet with optional accessories like shelves, including 450mm cabinets with 270mm shelves or 600mm cabinets with 350mm shelves. Cabinets up to 18RU come with one pre-installed adjustable shelf..
- **Convenient Packaging:** All cabinets are shipped fully assembled for your convenience.

CAT#	CAPACITY	DIMENSIONS	SHELVES	FANS	WEIGHT	SHIPPING DIMENSIONS
