USB Type C Adaptor
P0772001

FEATURES

Datamaster® USB type C adaptor provides simultaneous HDMI output, 2 x USB-A 2.0 connection, USB-C charging and USB-A 3.0 port for high speed data transfer. Delivers 4K2K resolution to your compatible 4K2K TV or monitor.

4K2K capable HDMI output, 2 x USB-A 2.0, USB type C charging, 1 x USB-A 3.0. With compact design, orientation independent - can be inserted with either side facing up.

Enhance Power Performance:
The cable also includes the Configuration Channel (CC), can be used to discover, configure, and manage USB Type-C's. Advanced Power Delivery function, delivers up to 100w power to peripherals or mobiles. High performance digital processing chip.

Individual ports are suitable for smartphones, tablets, flash drives, digital cameras, DV, audio devices, monitors - and perfect for MacBook and Chromebook. It allows you connect standard USB cables and devices to a USB 3.1 Type-C equipped computer. This backwards compatibility to older USB standards will be the main role of USB Type C cables, meaning this adapter which allows your legacy USB 3.0, USB 2.0 and even USB 1.1 devices to join the 3.1 revolution.
